

State or Country: California Field No. SI055-96
County: San Diego Co. Map: 1
Locality: La Jolla - just South of Beach & Tennis Club
Lat. _____ N., Long. _____ W.
Water: _____
Vegetation: _____
Bottom: Sand
Cover: _____ Temp.: _____
Shore: _____ Current: _____
Dist. offshore: in surf Stream width: _____
Depth of capture: _____ Depth of water: _____
Collected by Donald Tomlinson & Frank Hetzel
Tide: Low Date: 11 Nov. 1955
Method of capture: picked up with hands -
Orig. preserv.: 10% formalin Time: 1400

Fish was seen in shallow water - seemed uninjured - but a "slow swimmer. Scales were lost by fish flipping around in hands after capture. Guided to SID by Geo. Wernham. Weather has been strongly overcast all day - strong on-shore wind intermittently all day.

42A *Isichthys lockingtoni* Jordan & Gilbert 1 ad. 234 mm
had oxidized pink cast when fresh caught
according to F. Hetzel
