Collected by Donald and Richard Tomlinson, on tuna clipperTide: "Southern Pacific" Date: 1958

Method of capture: _____

Orig. preserv.: 10% buffered formalin Time: _____

VI:11:1958

"Southern Pacific" returned to San Diego VI:12, with these specimens collected for SIO at our request and through Mr. George Wernham of La Jolla, who brings in the fish. He has a couple more that he is sending for his fish-club collection. The Tomlinson boys are due back VI:12 and will supply further data. 6 largest fish into pressure tank with individual tea-on labels; also one 3 gallon jar and one 1/2 gallon jar.
