

State or Country: ..... Field No. **ST069-486**

County: ..... Map: ....., 1

Locality: .....

Water: to Lat. **32°17'** N, Long. **117°29.5'** W.  
**32°37.25' N. 117°30.0' W.**

Vegetation: .....

Bottom: .....

Cover: ..... Temp: .....

Shore: ..... Current: .....

Dist. offshore: ..... Stream width: .....

Depth of capture: **0-1250 m** Depth of water: **to 1250 m**

Collected by **R. Rosenblatt & ply**

Tide: ..... Date: **12-13 Dec**

Method of capture: **10ft IKMWT** **1969**

Orig. preserv.: ..... Time: **2350 - 0730**

**MWT #1**

trawl apparently was on bottom  
for some time, (est. 1/2-2 hrs)  
cod end pulled off due to weight  
of mud, 2500 mwo

- \* 25 *Diaphus theta* 4(18.5-22.5)
- \* 25 *Lampanyctus ritteri* 3(30-77)
- \* 25 *Stenobranchius leucopsarus* 3(23.5-69.5)
- \* 25 *Triphoturus mexicanus septentrionalis* 107(16-62.5)
- 25 *Lampanyctus regalis* 3(123-158)
- 25 *Scopelarchus guentheri* 1(26.0)
- 8 *Talismania bifurcata* 5(29-239)
- 61 *Lycodapus fierasfer* 6(50-123)  
→ 1 removed for C.Y.S.
- 61 *Melanostigma pammelas* 2(72-87)
- 31 *Anoplogaster cornuta* 1(99)
- 10 *Stomias atriventer* 2(53-161)

(over)

\* Det. & disc. by R.L. Wisner 20 July 1970.
